

Press Release

Protergia collaborates with Eurolife ERB to offer insurance coverage to household customers

Athens, Greece – 1 November 2018 – A new dynamic cooperation has been recently launched by Protergia, the Energy Business Unit of MYTILINEOS, with Eurolife ERB insurance company, to provide its customers with quality and comprehensive services adapted to contemporary needs.

This collaboration aims to develop the PROTERGIA BENEFIT program, an umbrella of value added services for Protergia household customers, covering, among others, insurance-related needs of their home (e.g. flood, fire, earthquake, theft, damage, etc.).

Starting today, the first value added service to be offered by Protergia to its customers will include insurance coverage against household risks, irrespective of whether they are owners or tenants.

On the occasion of the signing of the relevant agreement, Mr. Ioannis Giannakoulou, Commercial Director of Protergia - the Energy Business Unit of MYTILINEOS, stated: *“Protergia, as the largest independent electricity producer in Greece, owns a portfolio of energy assets with a total installed capacity of 1,200 MW of thermal capacity and 200 MW of renewable energy sources, covers more than 10% of the total electricity in Greece. We can now offer our customers competitive combined electricity and gas supply packages, always under MYTILINEOS brand credibility. We are very happy that we are now able to expand the services we provide to our customers with the assurance guaranteed by Eurolife reputation”*.

Accordingly, Mr. Leonidas Sideris, Affinities Development Executive of Eurolife ERB, stated: *“Our collaboration with Protergia gives us the opportunity to respond to consumers’ need for advantageous insurance programs, with simple procedures, providing substantial and effective coverage for the contents of their residence. With a view to growing its business through strategic partnerships and expanding its customer base, Eurolife ERB has developed affinities programs targeted at the general public. These targeted actions and ground-breaking services focus on prevention, on raising insurance awareness and on protecting citizens”*.
